

Medical Fair India 2019 starts with over 250 Indian Exhibitors

22 February 2019 | News

Medical Fair India 2018 in Mumbai, 16 – 18 March saw 12,350 trade visitors and this year it is expected to cross 15,000 trade visitors

The 25th Medical Fair India was inaugurated by Devender Singh, Advisor to Minister Ashwini Kumar Choubey at the Pragati Maidan Exhibition Center in New Delhi with a total of 600 exhibitors and more than 250 Indian exhibitors this year.

Medical Fair India 2018 in Mumbai, 16 – 18 March saw 12,350 trade visitors and this year it is expected to cross 15,000 trade visitors.

New additions to this year's Fair are Digital Healthcare by Future for Health, Reha India (powered by REHACARE) with ranges for rehabilitation and nursing care, VoH & CliniLab conference, a 2-day conference dealing with various cross-sector topics related to the implementation of a modern healthcare system and Technology Mela by Kalam Institute of Health care technology where 75 innovative technologies from 20 academic institutions will be displayed for commercialization.

Alongside this new area other focal segments on display at MEDICAL FAIR INDIA 2019 included: medical products and devices, laboratory technology and diagnostics, clinic and health centre furniture, and the health IT segments now so on trend the world over as well as mobile health solutions.

Rajiv Nath, Forum Coordinator, AiMeD said, "India is one of the fastest growing country in Medical & Healthcare Sector. Medical Fair India provides plenty of opportunity for interacting with people of different trade and business at a single place to set up profitable business relationships and keep abreast with accessible technologies."

Addressing International Conference at MFI 2019, Rajiv Nath, "Medical Fair India is getting bigger and better with every edition. With MFI 2019, we seek Medical Devices Law to regulate quality and ensure patient safety, revision of DPCo to enable rationalised price controls to protect consumers by capping trade margins over import landed, tariff at 15-20% to be in line with mobile phone so that make in Indian can prosper along with other regulatory framework, favourable policies and ecosystem support. We invite colleagues and fellow exhibitors of this global village to invest in India by technical collaborations, Joint Ventures and own factories to explore this incredible market place."

"We hope that Medical Fair India can become the preferred Healthcare Exhibition for Indian Medical Devices Industry and rise to the levels of Arab Health, Dubai and Medica, Germany, one day", he added.

Ashwini Kumar Choubey, Minister of State for Health and Family Welfare in a message to MFI 2019 said, "The objective of the Fair is to see some of the key experts from the medical fraternity delivering inspiring talks and are also going to be conferred with awards for their valuable contribution to the healthcare field. I am confident that such recognition will not only give enough encouragement but will give new impetus in the overall growth of the healthcare sector while being mutually beneficial for the healthcare professionals who will congregate on the occasion."

Rajiv Nath also highlighted key recommendations to place India among the Top 5 Medical Devices manufacturing hubs worldwide and end the 70-90% import dependence forced upon us and an import bill of over Rs 31, 000 crore:

- Medical Devices Law to regulate quality and ensure patient safety
- Revision of DPCO to enable rationalised price controls to protect consumers by capping Trade Margins over import landed and Ex -factory price
- Tariff at 15-20% to be in line with mobile phone so Make in Indian and Made in India will prosper.
