Priced at Rs. 2800 per 100 mg vial

Ahmedabad based Zydus, a leading discovery-based, global pharmaceutical company has announced that it has launched Remdesivir under the brand name Remdac™ in the Indian market.

Priced at Rs. 2800 for a 100 mg lyophilized injection, Remdac™ is the most economical Remdesivir brand in India.

The drug will be made available across India through the group's strong distribution chain reaching out to Government and private hospitals treating COVID patients.

"Remdac™ is the most affordable drug as we would like to enable patients to have access to this critical drug in the treatment of COVID 19", said Dr. Sharvil Patel, the Managing Director of Cadila Healthcare Limited.

"Through the course of this pandemic, our efforts have been focused on supporting people in this healthcare crisis, whether it is through developing vaccines, ramping up production and distribution of critical drugs and therapies, making diagnostic tests available or exploring new treatment options", he added.
