

Healthium Medtech opens CDSCO-certified facility near Ahmedabad

09 December 2021 | News

To exclusively manufacture Healthium's arthroscopy portfolio

Bengaluru-based Healthium Medtech has announced the launch of its latest manufacturing facility in Ahmedabad. The facility owned by Uteshiya Medicare is located at the Rohisa Industrial Estate and has been licenced by Healthium Medtech to exclusively manufacture its wide range of Arthroscopy products marketed under the brand Sironix.

The CDSCO- certified facility is spread across 70,000 sq ft. The Ahmedabad facility was inaugurated by Arjunsinh Chauhan, Minister for Rural Housing & Development, Government of Gujarat.

Arthroscopy products are used to help treat various knee and shoulder conditions such as anterior cruciate ligament reconstruction, posterior cruciate ligament injuries and other ligament reconstruction and repair and meniscal repair.
