

## People Tree Institute of Neurosciences opens in Bengaluru

07 March 2023 | News

**To treat all neurological conditions such as stroke/paralysis, Parkinson's etc.**

People Tree Hospitals, Yeshwantapur in Bengaluru has launched its state of art facility "People Tree Institute of Neurosciences" (PTINS). The new facility was inaugurated by renowned philanthropist, co-founder of Infosys, Kris Gopalakrishnan, along with guests of honour, Dr Pratima Murthy, Director, National Institute of Mental Health and Neuro-Sciences (NIMHANS) & Dr M. K. Ramesh, Vice Chancellor, Rajiv Gandhi University of Health Sciences (RGUHS).

PTINS aims to deliver holistic treatment for neurological conditions and disorders that impact the nervous system of all age groups. The state of art facility treats all neurological conditions such as stroke/paralysis, Parkinson's etc., and is equipped with high tech Neuro OT and Neuro ICU to carry out Brain & Spine Surgeries, Interventional Procedures, Functional Neurosurgeries and Neuro Oncology including but not limited to tumour surgeries, craniotomies; the Paediatric neurologists attend to developmental disorders in early stages, epilepsies and other rare conditions in younger patients.

The Centre of Excellence focuses on clinical excellence, academics and research which become key in delivering comprehensive care. A team of 14 neurosurgeons, neurologists, paediatric neurologists, neuro anaesthetists and neuro rehab physiotherapists are now part of People Tree Institute of Neurosciences to offer a spectrum of services in neuro and trauma care and recovery.
