

Research Solutions & Clinitech India partner to transform medical education

12 September 2023 | News

Aimed at advancements for research and education in India's medical landscape

US-based Research Solutions has announced its partnership with Clinitech India, a leading eLearning platform provider, as a preferred distributor of Research Solutions' advanced transactional services to Indian medical colleges.

This strategic collaboration will enhance the availability of crucial research materials, scientific literature, and other essential resources for the nearly 400 medical colleges throughout India that are customers of Clinitech.

With access to Research Solutions' comprehensive suite of cloud-based research tools, combined with Clinitech's expertise in the Indian market, medical colleges will be able to streamline their research process for a more efficient experience.

The synergy between Gurugram-based startup Clinitech and Research Solutions will transform the research experience for these medical colleges, enabling them to achieve their research objectives and pursue academic excellence more efficiently and seamlessly. With this partnership, both companies hope to make a positive impact on the future of medical education in India.

Clinitech Founder & Director, Rajesh Kumar Singh, said, "Our aim is to make it easier for educational institutions across India to access crucial resources that can help further their academic pursuits."
