

Sartorius India is growing at average 5-year CAGR of 24%

14 March 2025 | News

Sartorius India is a global hub for IT and Digital Solutions

“Sartorius India, a fully owned subsidiary of German-based Sartorius is contributing significantly to the company’s growth by recording an average 5-year CAGR of 24 per cent growth for year ending December 2024” said Sibasis Das, Director, Sales, India and South Asia.

Talking to BioSpectrum, Sibasis Das said “During 2021-22 due to COVID-19 we have witnessed significant growth for the company. Our customers mainly from biopharmaceutical industry continued their buying activities during the period. Post COVID the business became flat at just over double-digit growth in the last two years. Most of our customers are in private sector.”

Between 2021 and 2022, Sartorius added a new logistics centre and a state-of-the-art application centre to the Bengaluru Campus, which caters to the training needs of its customer and employees. In 2023, a delivery centre for IT and software was opened downtown.

With a digital team of around 100 people, Sartorius India is also a global hub for IT and Digital Solutions. Software life cycle management and development is done by the Digital Solutions engineers. In addition, product development labs and One Help Desk, which operates 24/7, support teams around the globe.

Sartorius India forms a key element in the supply chain of the Sartorius Group's network and supports the fast-growing India and APAC markets.
