

CARE Hospitals appoints Dr Pawan Kumar as Chief Executive Officer

07 October 2025 | News

Dr Kumar is a seasoned healthcare professional with extensive experience in leading hospital operations

CARE Hospitals has announced the appointment of Dr Pawan Kumar as its Chief Executive Officer (CEO). In his new role, Dr Kumar will spearhead the organisation's strategic direction, operations, and expansion, driving its vision to provide quality and accessible healthcare across India.

Dr Kumar is a seasoned healthcare professional with extensive experience in leading hospital operations, business transformation, and clinical management.

With over a decade of experience in senior leadership positions across India's premier healthcare organisations, he brings deep expertise in business strategy, P&L management, and team leadership.

An anesthesiologist by training, Dr Kumar holds an MD in Anesthesiology from PGIMER, Chandigarh, and an MBA in Finance and Healthcare from the Indian School of Business (ISB), a rare combination that equips him with both clinical insight and strategic foresight.

As Dr Kumar takes the helm, his vision is to build on CARE Hospitals' strong legacy of clinical excellence and compassion by driving innovation, expanding access to quality healthcare, and fostering a culture that puts patients and people at the heart of every decision. Under his leadership, the organisation aims to strengthen its role as a trusted healthcare partner for communities across India.
