Indus Health Plus receives ISO certification

This landmark achievement makes Indus Health Plus, one of the few companies in healthcare in Maharashtra to be certified by the new standard, setting new benchmarks in Healthcare industry.

Mr Amol Naikawadi, JMD, Indus Health Plus said, "Indus Health Plus has always been at the forefront of knowledge and development. It is a proud moment for all of us as this level of recognition has put our organization nationally renowned. It is a reflection of our belief in offering the best customer services and opens doors for us in the international market."

He further added, "We are now in a position to improve efficiency and productivity of processes, people and timely actions to prevent risk."

As a part of this certification, quality benchmarks like this will help the company in identifying right delivery partners.
